1a. AWARDED SIN:
Information Technology - IT Hardware

33411 - Purchasing of new electronic equipment Includes desktop, laptop, tablet computers (including rugged), servers, storage equipment, hyperconverged integrated systems, supercomputers, routers, switches and other communications equipment, IT security equipment (hardware based firewalls), audio and video (AV) equipment, public address systems, monitors/displays, sensors and other Internet of Things (IOT) devices, printers and Multi-Function Device (MFD) equipment, broadcast band radio, two-way radio (LMR), microwave radio equipment, satellite communications equipment, radio transmitters/receivers (airborne), radio navigation equipment/antennas, optical/imaging systems, and associated peripherals required for operations (such as controllers, connectors, cables, drivers, adapters, etc., ancillary installation of any equipment purchased.

ANCILLARY - Ancillary Supplies and Services Ancillary supplies and/or services are support supplies and/or services which are not within the scope of any other SIN on this schedule. These supplies and/or services are necessary to complement a contractor's offerings to provide a solution to a customer requirement. This SIN may be used for orders and blanket purchase agreements that involve work or a project that is solely associated with the supplies and/or services purchased under this schedule.

OLM – Order-Level Materials (OLM) OLMs are supplies and/or services acquired in direct support of an individual task or delivery order placed against a Schedule contract or BPA. OLM Pricing is not established at the Schedule Contract or BPA Level, but at the order level. Since OLMs are identified and acquired at the order level, the Ordering Contracting Officer (OCO) is responsible for making a fair and reasonable price determination for all OLMs.

1b. See Pricelist.

12. F.O.B. Point(s):

F.O.B Destination is noted on GSA Advantage! for items going to GSA CONUS Locations.

- Shipping will be charged for Shipping Product to APO/FPO Addresses and to Alaska, Hawaii, and Puerto Rico.
- Additional Charges will apply to specific items that have large dimensions or require special shipping procedures.

It is the End User's responsibility to inspect the product(s) upon delivery. If visible damage is noted, please refuse delivery and have the product routed back through the carrier noting with them that the product has been damaged. Please take pictures of the damages along with a picture of the shipping label and Manufacturer's Label that shows the product serial number. Call and email Heather Trenholm to report this information and for next steps. If the product has sustained damage during shipping but has no damage to outside of shipping box, End User has up to 2 Calendar Days from date of delivery to report to Heather Trenholm. Information that will be needed is the original box and packaging, details of the damage, and pictures of the packaging and product including pictures of the serial numbers. Call and email Heather Trenholm within 2 Calendar Days from date of delivery for next steps. Damages reported outside of this timeframe may be denied.

RESTOCKING POLICY:

On Standard Products, Restocking Fees shall be capped at 25% when the End User elects to cancel an order after delivery has been made and up to 10 Business Days afterward. Credit will be returned to the End User original payment form once product is received back from the Manufacturer and credited back to CCS Presentation Systems.

- End User is responsible for contacting CCS Presentation Systems to initiate this process and complete necessary paperwork. Return will be deemed invalid if required paperwork is not completed.
- Products must be in the original packaging, have all accessories included, and still be Factory Sealed.
- End User is responsible for shipping costs back to the Manufacturer.
- No Returns are permitted for Specialty/Custom Parts.

Restocking Fees shall not be charged on items that are shipped back to the supplier due to CCS Presentation Systems error or shipping error.
